

## BEGIN NEW EFFORT IN DARDANELLES

### Attempt Against Turkish Position Seems to Be a Concerted One

## ZEPPELINS RAID COAST

### Fourteen Persons Are Killed, Fourteen Wounded—Ger- mans Lose One Airship

## GERMANS CAPTURE LOMZA

LONDON, Aug. 10.—The commencement of new and greater efforts to force the Dardanelles and thus bring succor to the Russians, who are still hard pressed by the Austro-Germans in eastern Poland and the Baltic provinces, together with a Zeppelin raid on the east coast of England, in which fourteen persons were killed and fourteen wounded, are the features of the war news tonight.

Hope For Success Brighter.  
For some time the news from the Dardanelles from the British standpoint has been more cheerful. While no details of the operations there have been given out, the public has been allowed to learn that the hope for a successful issue in the fighting on the Turkish peninsula was brighter.

The renewed attempt against the Turkish positions seems to be a concerted one. Attacks are being made at the tip of the peninsula, along the Krithia road and at Sari Bair, where an important crest has been occupied according to General Sir Ian Hamilton, commander in chief of the British forces.

Fresh Landing Is Effected.  
"Elsewhere," General Hamilton's report continues, "a fresh landing has been effected successfully and considerable progress made."

This landing evidently was a surprise to the Turks as 630 prisoners, a number of guns and a quantity of material are declared to have been taken by the British forces.

A Turkish official report supplies the localities of two landings. According to this, forces were sent ashore in the environs of Karachall, a town on the road which skirts the north shore of the Gulf of Saros opposite the neck of the Gallipoli peninsula and near Ari Burnu. This latter place, although it is not shown on available maps, is believed to be at the foot of Sari Bair, just north of where the Australians are holding a strong position.

Turks Admit Landing.  
At Ari Burnu the Turks admit the landing was successfully carried out but they claim to have dispersed the troops which came ashore near Karachall. It is believed in military circles here that the landing at Karachall was only a feint to disguise the real intention of the allies, although it is said the putting ashore of a strong force at this point might result in their working around and cutting the Turkish main line of communications with the Gallipoli peninsula above the Buldur line across the neck of the peninsula.

Operations of Greatest Importance.  
The forcing of the Dardanelles is realized by the military critics here to be of the greatest importance, for they assert that it is the only way the allies can render immediate aid to Russia and repay her for the great sacrifice she has made for the common cause. In addition, it is believed by the military observers that a success here would bring the Balkan states definitely over to the side of the Quadruple Entente powers in their war. Italy is understood to be prepared to lend a hand in the Dardanelles operations.

Germans Lose a Zeppelin.  
In their latest aerial raid over the English coast, which occurred Monday night and this morning, the Germans lost one of the Zeppelin airships which took part in it. It was attacked by gunfire while on its return and was so seriously damaged that it fell into the sea and was towed into Ostend, Belgium, where all could be taken off, then it was attacked and destroyed. It is believed that four or five airships took part in the raid.

A despatch from Holland says that five more airships passed over that country this morning going in a northwesterly direction. Another air raid on England is expected tonight. There was a big storm on the east coast today, however, and this might make it dangerous for airships to visit the locality tonight.

Close In Russ Slowly.  
The Austro-Germans slowly are closing in on the portions of the Russian armies which remain on the Polish salient. Their main, out-flanking movement in the northern part of the Baltic provinces has been brought to a standstill but further south they are approaching the forts of Kovno. The Russians are reported to be evacuating Vilna, which lies directly east of Kovno on the main railway line. The Germans also have captured the fort-

## FORCE OF HAITIEN REBELS CAUSE TROUBLE

### REPORTS STATE BAND OUTSIDE CAPE HAITIEN REFUSES TO DISARM

Rebels in the Grande Riviere Region Pillage and Burn Plantations—Quiet Prevails in Territory Under American Control.

Washington, Aug. 10.—While the Haitian congress has been summoned to meet next Thursday to elect a president, it is believed here that the country hardly will be sufficiently quiet to make possible the immediate establishment of an orderly government.

Dispatches from Rear Admiral Caperton today said quiet prevailed in all the territory under American control, but reports from the interior and press dispatches from Cape Haitien indicate much remains to be done before order is restored throughout the republic.

Resolvo Bobo, leader of the successful revolution is now in Port Au Prince and has assured American officials that he will abide by the decision of the congress. Most of his troops already have surrendered their arms to the American forces and gone to their homes. A force outside of Cape Haitien, however, still is causing trouble according to unofficial reports and has refused to disarm.

From the interior the navy department received a report dated Aug. 8 that rebels in the Grande Riviere region were pillaging and burning plantations. They charged that Bobo deserted them and refused to disarm.

A message dated Aug. 9, from Port Au Prince said anonymous proclamations were in circulation there proposing the formation of a provisional government to revise the constitution and saying the purpose of the American occupation was to secure the mole, the cession of which would be unconstitutional.

## BRITISH SLIGHTLY WITHDRAW FROM LINE SOUTH OF HOOGE

### French Reports That His Forces Have Consolidated the Village of Hooge.

London, Aug. 10.—Sir John French, commander in chief of the British forces in France and Belgium in a report given out today by the official press bureau, says the British troops have slightly withdrawn from their line south of Hooge, near Ypres, but have consolidated the village of Hooge, near Ypres. The report of Field Marshal French follows:

"Northwest of Hooge and in the ruins of the village itself we have consolidated the ground gained yesterday, repulsing one weak infantry attack during the night. Yesterday afternoon there was no infantry fighting but there was a violent artillery engagement as a result of which all the trenches in the open ground south of Hooge became untenable by either side and we have now slightly withdrawn the position of our line which lay south of the village."

## AEROPLANES BOMBARD BAVARIAN TOWNS

Berlin, via London, Aug. 10.—An official communication issued here today tells of an allied air raid Monday over Zweibruecken and Sankt Ingbert, Bavaria. The communication says:

"Monday forenoon from six to eight enemy aeroplanes attacked Zweibruecken and Sankt Ingbert, which are outside the military district. From fifteen to twenty bombs were dropped on Zweibruecken."

## SINK BRITISH DESTROYER.

London, Aug. 10.—The British torpedo boat destroyer Lynx was sunk in the North Sea on August 9 as the result of striking a mine according to an official announcement made this evening by the British press bureau.

## TORPEDO BRITISH CRUISER.

Berlin, Aug. 10, by wireless to Cayenne.—The British auxiliary cruiser India of 7,900 tons has been torpedoed off the Swedish coast.

ress of Lomza and southeast of this place are approaching the river Bug which other forces have reached from its mouth to a point south of Ostrov. These points are not far from the main railway line, which is the German objective.

The armies of the Teutons which are advancing east of Warsaw and those which have crossed the Vistula at Ivangorod and Field Marshal Mackensen's forces are now joining hands and making another effort to catch and destroy the Russian armies. The Russians, however, are believed in military circles here to be fairly safe by now.

Repulse German Attacks.  
On the western front, German attacks, according to the French reports, have been repulsed in the Artois and Argonne regions, while Field Marshal Sir John French in a communication says the British under a heavy artillery fire found some of the trenches captured from the Germans south of Hooge untenable and evacuated them. The British torpedo boat destroyer Lynx has struck a mine in the North Sea and sunk. Four officers and 22 men were saved. Vessels of this class generally carry a crew of about 100.

## WHITES AND BLACKS CLASH AT CAMPLINCOLN

### SEVERAL WHITE MEN AND BOYS ARE SEVERELY BEATEN

Trouble Follows Stabbing of a Negro Soldier in a Quarrel With a White Camp Hanger-on—Investigation Is Ordered.

Springfield, Ill., Aug. 10.—Following the stabbing of a negro soldier, a member of the eighth regiment, I. N. G., Camp Lincoln, was tonight the scene of an encounter between whites and blacks which for a time threatened to become serious. Several white men and boys were severely beaten before the members of the regiment were forced by officers to return to their quarters. The affray occurred just at the conclusion of the evening concert given by the regimental band and caused considerable excitement. The trouble was reported to the Adjutant General and Governor Dunne and an investigation ordered.

The trouble started when a member of the negro regiment engaged in a quarrel with a white camp hanger-on and the former received a severe cut across the face. When the negro rejoined some of his comrades they are said to have rushed to the scene of the fight. The first white man they encountered was pointed out as the negro's assailant and was set upon by members of the regiment. Other white persons were attacked, it was said.

Officers of the regiment including Adjutant Anderson and Captain Williams, the latter officer of the day, declared the trouble was not of a serious character. The matter was reported to Governor Dunne. An investigation was promised.

## FINE NEWSPAPERMAN ON CHARGE OF HAVING A FALSE PASSPORT

### Former Chicago Writer Is Fined \$250 in London—Left Chicago for Europe in 1913.

London, Aug. 10.—H. W. D. Fraser, the newspaperman charged with having travelled through Europe on an American passport obtained at the American embassy in London by describing himself as an American, was fined \$250 in Bow street court today on the charge of "having in his possession an irregular or false passport."

Fraser said he was born in Chicago of British parents and that while he knew he was a British subject under British law he thought he was an American citizen by American law.

Was Waterway Commission Expert.  
Chicago, Aug. 10.—H. W. D. Fraser, a former Chicago newspaperman is thought to be the man arraigned and fined in a London court on a charge of having in his possession a false passport. Fraser was a political writer for the Chicago Tribune and until four years ago was political editor of the old Chicago Inter-Ocean. Later he was appointed statistical expert of the State Waterway Commission and served in this capacity until 1913, when he left for Europe.

## STATES AMERICAN NAVY IS LOSING ITS PLACE AMONG NAVIES OF WORLD

ST. LOUIS, Aug. 10.—That the American navy is losing its relative place among the navies of the world was said today by Rear Admiral Albert C. Dillingham, U. S. N., retired, who addressed the City club here today.

Admiral Dillingham said the navy was the cheapest insurance against war. From the European war, he added, the United States might learn the need of preparedness and the tremendous advantage of sea power.

## GREEK CABINET HOLDS FREQUENT MEETINGS TO CONSIDER REPLY

LONDON, Aug. 11.—Frequent cabinet meetings are being held at Athens, according to a Reuter despatch from the Greek capital, in connection with the reply which will be made to the collective note of the Quadruple Entente powers regarding a proposed agreement among the Balkan states in relation to the war.

Bulgaria has demanded a portion of Greek Macedonia as part of her price for entering the war on the side of the allies, but Premier Gounaris has been quoted as saying Greece would not cede an inch of territory to Bulgaria.

## RE-ELECT REV. PETER O'CALLAGHAN

Pittsburgh, Pa., Aug. 10.—The Very Rev. Peter J. O'Callaghan of Chicago was re-elected president of the Catholic Total Abstinence Union of America at the closing session of the forty-fifth annual convention here tonight.

## ANDERSON IS RE-CAPTURED.

Chicago, Aug. 10.—Dave Anderson, the life prisoner who escaped from the "honor farm" near Joliet was reported recaptured at Beech. He was fifteen miles southeast of Joliet. Guards have been sent to identify the man captured. No trace of the other two prisoners who left with Anderson has been found, it is said.

## AMERICA REJECTS AUSTRIAN VIEWS

### U. S. Stands Firmly on Right of Exporters to Ship War Supplies

## RECALL PRECEDENTS

### Cite Incidents in Previous Wars Where Germany and Aus- tria Imported Arms

## TO BE PRESENTED TOMORROW

WASHINGTON, Aug. 10.—The United States government today despatched to Vienna a reply rejecting the Austro-Hungarian views recently set forth in a note contending that the great scale on which war munitions are being exported from America to enemies of the German allies is not in consonance with the definition of neutrality.

The note was cabled to Ambassador Penfield, who probably will present it to the Vienna foreign office Thursday. It may be made public later by agreement between the two governments.

## Repudiates Suggestions.

Though framed in diplomatic language and entirely friendly in tone, the reply is understood to repudiate flatly the suggestion that the United States has permitted violations of neutrality and to stand firmly upon the right of American exporters to send war supplies to belligerents able to purchase and receive them. The United States always has held that this is an unquestioned right under international law and high officials have pointed out that to prevent such shipments to one country because another was not in a position to receive them would in itself be a violation of neutrality. Precedents also have been recalled where in previous wars Germany and Austria imported arms extensively.

## Austrian Note Lengthy.

The Austro-Hungarian note, handed to Ambassador Penfield on June 29, was a lengthy document setting forth the views of that government and suggesting that the United States might redress the state of things complained of by informing the enemies of Austria-Hungary that the supply of foodstuffs and war material to them would be suspended unless legitimate trade in these articles between Americans and neutral countries was permitted.

According to Berlin dispatches, this complaint was sent after a conference between the Austro-Hungarian and German foreign offices. Similar notes, was stated soon would be sent to the United States by Germany and Turkey.

## NAVAL MILITIA TO BEGIN TWO WEEKS TRAINING ON LAKE ERIE

ERIE, Pa., Aug. 10.—The naval militia of Minnesota, Ohio, Illinois, Michigan and Pennsylvania tomorrow will begin two weeks of naval training on Lake Erie. The training ships will assemble off this port for squadron maneuvers and target practice. Special attention will be paid to mine laying, coast defense and gunnery.

The following ships will participate: Don Juan de Austria of Detroit; Essex, Toledo, Ohio; Gopher, Duluth, Minn.; Hawk, Buffalo, N. Y.; Hancock, Mich.; Isle de Luzon, (flagship) Chicago; Dorothea, Cleveland; Wolverine, Erie and Sandobal, Rochester, Minn.

## FORMER CHICAGO DETECTIVES ARE CONVICTED OF ACCEPTING BRIBES

CHICAGO, Aug. 10.—Walter O'Brien and William Egan, former sergeants of the city detective force, tonight were found guilty of charges of accepting bribes to protect criminals. The case went to the jury late this afternoon.

The conviction carries with it an indeterminate sentence of from one to five years in prison. Counsel for the convicted men entered a motion for a new trial but the date for the argument was not set.

## RICHARDS WIN HONORS.

San Francisco, Cal., Aug. 9.—A. N. Richards, of the Illinois Athletic club today won the distinction of being the best all around athlete of the United States by placing first in the Decathlon which was staged yesterday and today on the stadium of the Panama-Pacific exposition. C. A. Brundage of the Chicago Athletic association was second and Chester Fee of the Multnomah Athletic club of Portland, Ore. placed third.

## RELEASE AMERICAN STEAMER.

Washington, Aug. 10.—The American steamer Llama, one of the two American ships taken by German submarines to Swinemunde, was released on August 6, according to a despatch to the state department today from Ambassador Gerard at Berlin.

## CABLE AMERICAN REPLY ON FRYE CASE TO BERLIN

### U. S. TO ACCEPT PAYMENT FOR SHIP UNDER CONDITIONS SUGGESTED

Note is Said to Stipulate That no Treaty Rights are Waived by Acceptance—Two Commissioners Will Fix Amount.

Washington, Aug. 10.—The American reply to the last German note regarding the sinking of the American ship William P. Frye, was cabled to Berlin tonight and probably will be given out for publication Saturday.

While the original position of the state department that the Prussian-American treaty of 1828 was violated by the destruction of the vessel is reaffirmed, it is understood that the United States now agrees to accept payment for the Frye under the conditions suggested in the last German note, obviating an appeal to arbitration at The Hague. Germany stipulates that payment shall not involve admission of a treaty violation, the American note is said to stipulate that no treaty rights are waived by acceptance. The amount to be paid will be fixed by two commissioners, one appointed by each government.

The German position, as outlined in the last note is that payment of indemnity for ships destroyed is all that the treaty contemplates. The United States contends that any American ship, even if laden with contraband, is protected from destruction by article 13 of the treaty, although it is not claimed that a contraband cargo would be so protected.

Germany has held that since the sinking of ships is not specifically prohibited in the treaty, principles of international law must govern each case, the treaty being sustained by payment. The new American note is understood to reject this view.

A German prize court in July held the Berlin government liable under treaty for payment for the Frye. The amount was not fixed as the United States had entered no specific claim for damages.

## ESTABLISH "TWO NEW AMERICAN ALTIITUDE RECORDS AT BUFFALO

BUFFALO, N. Y., Aug. 10.—Two new American altitude records for passenger carrying aeroplanes were established here today in an experimental flight with a new type of military tractor biplane designed by Glenn H. Curtiss.

In the first flight Pilot Raymond V. Norris took two passengers to an altitude of 8,200 feet. On the second, with three passengers, including Lieut. William P. McElvain, of the U. S. marine corps, the needle registered 8,300 feet. The ascent on the second flight was made in 36 minutes.

## SUPPOSEDLY WEALTHY LAND OWNER IS ARRESTED IN ST. LOUIS

### Sullivan Man Is Taken at Request of His Creditors Just As He Is About to Board a River Steamer.

Decatur, Ill., Aug. 10.—The departure of J. R. Bean, supposedly wealthy land owner, from Sullivan Monday morning caused a scare among a number of his creditors resulting in his arrest Tuesday morning in Market street, St. Louis, as he was about to board a river steamer.

Soon after his departure from Sullivan Monday, judgments were secured against him in small amounts totaling \$60,889. Persons who had regarded Bean as good as a bank had deposited trust funds and savings with him for investment. Two years ago he bought heavily of Moultrie county land at high prices. The amount followed and he lost all the income from the land. He failed recently to meet interest payments and an effort was made to have him turn over his property to trustees to satisfy his creditors. He refused to do this, and his departure Monday caused his creditors to flock to the circuit court clerk's office to file their judgments.

Mr. and Mrs. Bean and son, Walter, are said to own 800 acres of Moultrie county land against which there are mortgages totaling \$11,000. This, it is believed, would have satisfied the creditors if the claims could have been settled without bankruptcy proceedings.

## QUARANTINE WHEELING TOWNSHIP.

Washington, Aug. 10.—Wheeling township, Cook county, Illinois, was placed under closed quarantine today against the foot and mouth disease, two cattle and thirty hogs suffering from the disease having been reported.

## NORWEGIAN STEAMER SINKS.

London, Aug. 10.—A despatch to Reuter's Telegram company from Copenhagen says that the Norwegian steamer Geiranger of Bergen has been sunk. The members of her crew were landed by a Dutch fishing boat.

## FIND JOHNSON NOT GUILTY.

Chandler, Okla., August 10.—Charles Johnson today was found not guilty of having taken part in the robbery of two banks at Stroud, Okla., last March. Johnson was arrested on a charge of having received a part of the money stolen from the First National Bank of Stroud.

## EASTLAND PROBABLY WILL BE RAISED TODAY

### MANY BODIES ARE BELIEVED TO BE IN HULL OF SHIP

Floating Morgue Docks Near Overturned Ship Ready to Receive Any Bodies That May be Recovered—Grand Jury to Return Indictments Today.

Chicago, Aug. 10.—C. F. Clyne, United States district attorney, tonight announced that the steamer Eastland, which capsized in the Chicago river July 24, probably would be raised tomorrow.

The task of raising the Eastland is awaited with considerable anxiety because of the belief that the bodies of many reported missing still are in the hull of the steamer.

Mr. Clyne who returned to Chicago today from Washington, where he has been in conference with government officials, refused to divulge any information concerning the outcome of the trip.

The state grand jury which today voted three indictments charging four men with manslaughter and two others with criminal carelessness in connection with the disaster, tomorrow morning will make formal return on these findings.

The so-called "floating morgue"—a canvas covered scow—intended to house recovered bodies, was docked near the churn ship late today. Temporary coffins, twenty in number, stained black, await the bodies.

## VILLA CALLS OF MEETING OF MINING MEN AT CHIHUAHUA

### Mexican Also Promises to Release Goods of Foreign Merchants Con- fiscated at Chihuahua and Juarez— Action Is Taken at a Conference With Gen. Scott.

El Paso, Tex., Aug. 10.—General Francisco Villa today withdrew his order to foreign mining corporations to send representatives to a meeting at Chihuahua City to act on a matter of "great importance," presumably a forced loan and promised to release from the order of confiscation goods of foreign merchants and mining companies seized at Chihuahua City and Juarez.

Villa's action was taken at a three hour conference with General Hugh L. Scott, chief of staff of the United States army and George C. Carothers, state department agent. Alberto Madero also attended the meeting.

The announcement of the result of the conference came briefly from Gen. Scott.

"General Villa told us he had called off the meeting of mining men and that the goods of foreign merchants confiscated at Chihuahua and Juarez would be released. Those violating the law will be prosecuted in the civil courts."

## WON FAIR PRIZES.

Paul Shepherd has returned from Rushville where he had good success with the horses he exhibited, winning a number of prizes. The horses were Billy Doyle, Woodson Boy and Lady Rex, and Mr. Shepherd was awarded the following ribbons: 1st best gentlemen's driver; 1st in roadster class; 1st pole team; 1st sweepstakes horses; 1st best lady driver; 2nd with saddle horse; 2nd combined harness and gaited saddle class.

## RALPH I. DUNLAP RETURNS.

Ralph I. Dunlap, who has been camping for three weeks at Quartz Lake, Montana, returned to Jacksonville Tuesday. He reports a most excellent time and is feeling fine. Other Jacksonville people who are camping there will return later.

## GRACE CHURCH PICNIC.

Grace church Sunday school will hold their picnic today at Nichols' park. The cars will leave the church at 10:30 sharp and free transportation will be given all members of the Sunday school. Elaborate entertainment has been provided. Basket dinners will be taken along and refreshments will also be served on the grounds.

## K. OF P. AMENDMENT ADOPTED

At a meeting of Jacksonville lodge No. 132, K. of P., held last night, it was voted to amend the by-laws where by regular conventions of the lodge should be held on Tuesday evening of each week at 7:30 o'clock, except during the months of June, July and August when the lodge will be at 8 o'clock.

## Will Not Discuss Movements.

Secretary Lansing, who left tonight for New York to attend the Pan-American conference, would not discuss naval movements further than to admit that a ship would be sent to replace one which would bring the Brazilian and Guatemalan ministers to the United States. He said that on account of continued bandit raids on the border orders soon would be issued to increase the American military forces there but at the same time declared emphatically that neither this action or any movements of ships had any bearing whatever upon the plans of the Pan-American conference.

President Wilson will be back in Washington in time to attend a cabinet meeting Thursday at which both the program of the Pan-American conference and the situation at Vera Cruz will be discussed.

## DIPLOMATS WILL RE-ASSEMBLE TODAY

### To Launch Definite Effort to Re-Establish Peace in Mexico

## WILL CONSIDER DETAILS

### Appeal to Leaders to Participate in Conference to Create Government Will Be Sent

## WILL BE ELOQUENT PETITION

NEW YORK, Aug. 10.—With the reassembling here tomorrow of the ambassadors and ministers of six South and Central American governments and the secretary of state of the United States, a definite international effort will be put into operation to re-establish peace in Mexico and to restore that country to its accustomed place in the American family of nations.

## Will Take Up Details of Plan.

The conference will be concerned with details of the first step in a plan, the important features of which were agreed upon last week. This plan contemplates an appeal to the consciences of the Mexican leaders of all factions and political groups.

The appeal will be brief, politely phrased and transmitted in Spanish as originally written by one of the diplomats. It will show clearly that the several governments have no purpose to interfere in the strictly internal affairs of Mexico, to impair her sovereignty or to show preference for one leader as against another. It will be an eloquent petition that the Mexican leaders participate in or send delegates to a convention or conference to be held on neutral ground in Mexico, for the purpose of creating a provisional government that can be accorded moral support and formal recognition by all the American states.

## Appeal to Mexican Patriotism.

No threat or intimation of what will be the course of the several American countries is given if the suggestions made are declined, all considerations being for the time subordinated to the primary purpose, the final appeal to the patriotism of all Mexicans to redeem the prestige of the nation before the world and to show whether, indeed, its leaders seek personal aggrandizement or the true welfare of their country.

The complete plan that has been adopted for the solution of the problem has not yet been published, but already some misconstructions of the purposes of the Latin-American countries and the United States have been spread which the diplomats fear may prove embarrassing. They are confident that when fully disclosed it will be difficult for any of the factions to find a just ground for declining to enter into the spirit of co-operation and non-partisanship of the suggestions made.

## Warships Sail for Vera Cruz.

Washington, Aug. 10.—Two American battleships, the Louisiana and the New Hampshire sailed tonight from Newport, R. I. for Vera Cruz in response to an urgent request from Commander McNamee that his little fleet of gunboats in Mexican water be reinforced in view of anti-foreign demonstrations at General Carranza's capital.

It is understood that President Wilson himself ordered the warships sent, although no official of the government would admit they had sailed.

Official reticence concerning the movements of the Louisiana and New Hampshire is due largely to a fear that news of their coming reaching Vera Cruz ahead of the ships might accentuate the already serious situation existing there.

President Wilson was advised by telephone of Commander McNamee's report and several hours later a long code dispatch reached the navy department from Cornish. Then it became known that the ships had been instructed to start for Vera Cruz at once.

## Will Not Discuss Movements.

Secretary Lansing, who left tonight for New York to attend the Pan-American conference, would not discuss naval movements further than to admit that a ship would be sent to replace one which would bring the Brazilian and Guatemalan ministers to the United States. He said that on account of continued bandit raids on the border orders soon would be issued to increase the American military forces there but at the same time declared emphatically that neither this action or any movements of ships had any bearing whatever upon the plans of the Pan-American conference.

President Wilson will be back in Washington in time to attend a cabinet meeting Thursday at which both the program of the Pan-American conference and the situation at Vera Cruz will be discussed.

The highest tribute yet paid to George Fitch, who has just crossed the border, is by the writer who says that Fitch's humor never left a sting. The trouble is with so much humor that it is tinged with ridicule or irony that amuses some people at the expense of others. It is much easier to use the wit that cuts and wounds than the wit which brings the smile and no heartache. George Fitch they say "left no sting." That's the reason people rise up now and say he was a good man and that they loved him. There is a real lesson in such life and it furnishes inspiration for us all.

If Governor Dunne is a candidate for re-election he will certainly give evidence that the troubles of political life do not get on his nerves. Early in his administration scandal and criticism connected with some of the members of his official Illinois family must have caused him at least a large amount of annoyance. Now all at one time come substantiated charges of graft against two members of his dental board, which have caused the chief executive to fire them; the resignation of Warden Allen of Joliet has its embarrassing features, and the escape of several honor convicts at the penitentiary has caused an order suspending for the time being the honor system among farm guards.

And these are only a few of the troubles that the governor has been required to meet. With the recollection of these unpleasant things and a recognition of the fact that Illinois gives every promise of returning good and strong to the republican fold where it normally belongs, the chances seem good that the governor may arrange for his own appointment to a federal judgeship, and to leave the honor of the democratic nomination for the governorship for Congressman Williams and whatever other aspirants may appear.

### Pay Tribute to Fitch.

The Peoria papers teemed with editorials of George Fitch on Tuesday. Mr. Fitch was in newspaper service in Peoria when he first began to achieve fame as a writer. He was much beloved in that city.

W. Kee Maxwell a close personal friend of Fitch and who took up his work on the Transcript as a humorist when Fitch retired sends the following personal tribute to the Peoria Journal from New York where he is spending his vacation.

"A great deal will be written about George Fitch as the man who brightened life for millions by his clean human humor, and in Peoria much will be said about him as a contributor to his city's civic progress as one who knew him well. I want to say a personal word about George Fitch, the man. He was the most wholesome man I ever knew. He was absolutely inflexible in his principles but never priggish nor arbitrary. He hated shams and loved the genuine. He was not impulsive in making friendships but he was the soul of loyalty. Nothing pleased him so well as to help a struggling writer and he never was too busy to give practical encouragement or sound counsel. He was one of the earth's kindest, cleanest men. The world is richer for his life."

### Plan For Another Month.

Superstitious people, and there are many of them, will not lend their encouragement to the movement to divide the year into thirteen calendar months of four weeks each. Just saying "thirteen" to lots of people makes a creepy feeling come over them. Nevertheless, many bishops of the Episcopal church in England and America, and bishops of other Protestant denominations, have endorsed the new calendar plan. The idea is suggested by a New York clergyman, and it has been discussed in the British parliament.

The new calendar proposes each month to consist of exactly four weeks, or 28 days, the first day of each month always being Sunday. The extra month would be called Holiday, and would come in between June and July. On ordinary years one extra day would be put in at the very end, the eve of the new year. Such day is to have no date. One leap year another extra day would be put in; not at the end of February, a snow, but in midsummer, in the new month of Holiday. Thus everybody on holiday at that time would get an extra day.

It is proposed that legal holidays always fall on Monday. Christmas would always fall on Wednesdays, the 25th of December. Easter would fall always on the third Sunday in April, doing away with the calendar tables to find the dates according to the moon.

### Decatur Quits Baseball.

Decatur on Tuesday quit the Three Eye of which it has been a member for so many years. The president of the club told the manager to notify the players that they would be paid up to and including Aug. 8 and that the management would not be responsible for salaries after that date.

It is understood that the management has also notified the players that they are free agents which virtually is the same as releasing them. Usually the club is turned over to the league to carry or place in some other city.

Promoting minor league baseball has been a difficult proposition this year. Financial conditions have not been good and then baseball has experienced one of the worst years in its history. Rain has caused the postponement of many games and has cut down the attendance at others. Last spring the Decatur management raised a sum of money and announced that games would be played with free admission. This policy was carried for some time. It finally was abandoned probably because the management found that it took more money than they had anticipated.

Several of the Decatur players are said to have already signed with clubs in higher class leagues. It is not known what action the other clubs will take in the Three Eye. It looks to be the most perilous situation the league has faced since its organization.

### We Must All Pay.

While we as a people are with more or less complacency thinking of the loss of life and property resulting from the war in Europe, congratulating ourselves that the loss will not fall on the people of this country along comes the society of Thrift and declares that this country must surely help pay the bill. On second thought the statement is true. Officials of the Society of Thrift are urging upon the Congress of Thrift, now in session in San Francisco, the necessity of inculcating the habits of thrift, even by the introduction of a thrift curriculum in the American public schools. By thrift, the officials mean the conservation of money, time and health. That much of the waste of war must be made up by the thrift of Americans, is the slogan of the big Congress.

"It is not a case of whether we want to save; the fact is that we must save," said S. W. Strass of New York, president of the society. "The congress must try to force upon humanity the truth of this statement. A great many people think that because the war is in Europe, Europe will have to pay the bill. This is foolishness. It is a bill that is incurred by humanity, and all humanity will have to share in the debt, directly or indirectly. Just as sure as night follows day we will have to preserve our resources, voluntarily or involuntarily, and it is a great deal better to be thrifty from choice than from necessity."

### WOMEN IN THE NEWS.

Philadelphia.—Brides from Sunny Italy are now in the hands of the Italian government. By a suspension of passports to girls coming to America to wed their sweethearts who have wrought out homes for them, the Italian government wields a new club over the reservists. The dock-weddings have been a feature of immigration statistics here. Many of the Italians are miners, and some of them are reservists, who find it more congenial in America and easier to make homes for their brides.

New York.—Miss Anne Morgan has left her comfortable home at Bar Harbor, and is on her way to France, to find in what way she can best direct her energies toward relieving suffering in Europe. Miss Morgan is the treasurer of the Vatican war relief committee, which is working in co-operation with the London French wounded emergency fund. The daughter of the late American financier is probably better known in Europe and America than any other American woman. In addition to personal magnetism, force and character and administrative ability, she is blessed with good looks and great wealth.

Boston.—Rev. Gertrude von Petzold, pastor of a church in Birmingham, England, who has been expelled from England by order of the British home office, is well known in Boston. When she visited here in 1907, she was the only woman minister in England. She is now 39, and has lived in England for some 18 years. She visited America as a delegate to the congress of religious liberals. During her stay, she preached here. She was educated in England and Scotland. Although the details of her expulsion are not disclosed, it is known here that she came of a long line of German military men, and her father was a captain in the Prussian army.

Glacier Park, Mont.—The American novelist, Mary Roberts Rinehart, has been adopted into the Blackfoot Indian tribe. Her new name is Running Eagle. The ceremonies of adoption were held in Vutbank Canyon, and the authoress was presented with Indian curios and relics. War dances occurred a prominent place in the mystic rites of initiation.

New Orleans, La.—Miss "Johnny" McDonald, of Mississippi, is the undisputed champion of Tulane university in the art of boxing. Regulation ring battles, although under the college ban, are pulled off in private, and when the fall session begins a new champion will be picked. Miss Hilda Simons, of Louisiana, who holds secondary honors will be a strong contender for the championship next year. Several members have shown marks of encounters in the ring battles, but the athletic girls have managed to keep secret the ring where the gloves fly.

Denver.—Mrs. Mary T. Bigelow, of Denver, not satisfied with being an artist, lawyer, mathematician and mother of a family, has just added another profession to her list, that of a doctor. She was graduated this summer at the University of Colorado, with the highest honors in medicine.

DANISH SCHOONER IS BURNED.

## DOING GRAIN BUSINESS ON A GIGANTIC SCALE

Beggs, Lewis & Co. and Central Illinois Grain Company Operate Thirty-three Elevators—Transactions Run Into Millions of Bushels Annually—Half of Local Wheat Has Been Threshed.

Wheat threshing has progressed to such an extent that within a very few days all of the wheat which is to be threshed from the shock will be in the elevators. It is estimated that just about one-half the crop in this county has been stacked and will be threshed later on when the grain has gone through the sweat, in the number of instances farmers who intended to thresh from the shock changed their plans because there was so much delay in getting threshing outfits on account of unfavorable weather. Most of the grain which has been received at the elevators in the last few days come far from grading No. 2, as it is nearly all from shocked wheat which had begun to sprout. At the Joy Prairie elevator it is estimated that practically the last of the grain from the shock will be received today, and Mr. Furry said yesterday that nearly all of that recently received would not grade better than 4, and that the price range was 35 to 55c. Charles Lewis of the firm of Beggs, Lewis & Company, said that it will be several days yet before all of the local wheat being threshed from the shock is received, and his estimate is that the shocked wheat represents about half of the total crop.

There are not a great many people who know about the volume of the business conducted by Beggs, Lewis & Company and the Central Illinois Grain company, in which they own the controlling interest. Mr. Lewis is not given to talking much about his business, but in answer to some questions yesterday told the location of the elevators owned by the Central Illinois company and Beggs, Lewis & Company. The latter firm owns elevators at Jacksonville, Markham and Savage. The Central Illinois Grain company, in which as already indicated, they own the majority of stock, operates 30 elevators, all of them located in central Illinois. The elevators are on the following roads:

Wabash R. R.: Clayton, Time-well, Prairie Springs, Markham, Jacksonville, Orleans, Alexander, Island Grove, Bates, Springfield. Chicago & Alton: Murrayville, Woodson, Prentice, Tallula, Ashland, Hilltop, Greenville, Elkhart. Illinois Central: Barclay, Buffalo Hart.

C. B. & Q.: Loami, Cockrell, Prouty, Clements.  
B. & O.: Bradfordtown, Leeda, Farmingdale.

With such a large ownership of elevators it is easy to understand that the company conducts a business of very large volume. Last year they shipped about 1,500,000 bushels of wheat and a vast quantity of corn and oats. The number of bushels of corn shipped last year was in excess of 2,000,000 bushels and under normal conditions it would have been twice the amount of the wheat shipped. The principal office of the Central Illinois Grain company, is at Ashland. The company follows the plan in the operation of its large business of having the managers of the elevators personally interested in the business. They believe that a better organization results than would be true simply with salaried men. That their judgment is well founded is evidenced by the marked success with which their business has been conducted. In addition to this very extensive grain business, Mr. Beggs and Mr. Lewis conduct very large farming operations. In Morgan county Mr. Beggs has a farm of 860 acres and Mr. Lewis a farm of 500 acres. In Minnesota they own and operate jointly a farm of 3,000 acres, and these tracts, together with some other land that they operate, gives them farming activities covering over 5,000 acres of land. A very large capital, together with business and executive ability, is required for such large operations, and both Mr. Beggs and Mr. Lewis, together with their associates, seem to meet these requirements.

## SOCIAL EVENTS

**Wedding Announcement.**

Cards have been received in the city announcing the approaching marriage of Miss Lucille Alkire and Mr. Elmer Poindexter, the ceremony to take place in Bloomington, Aug. 24, at the home of the bride's parents, Rev. and Mrs. Henry S. Alkire. The groom resided in Bloomington and the young people expect to make that city their home.

**Mrs. Williamson Has Birthday Surprise.**

About 10:30 Tuesday morning, Mrs. Amanda Williamson was invited by G. W. Patterson to take an automobile ride. She very gladly accepted the invitation and after riding over the city, for half an hour, she was taken to Nichols park where she was very much surprised to see about sixty of her relatives gathered with baskets filled with good things to eat. They had come to help her celebrate her 80th birthday. Mrs. Williamson is enjoying good health and is as active as most people in their early sixties. Many good wishes were extended the surprised guest and the gathering was a happy one in every detail.

Among the out of town guests were Hilda Bridgeman of Decatur; W. C. Williamson and family, C. G. Bridgeman and family, and Mrs. Bertha Ham of Chapin; Mrs. Simpson Jones and family and Mrs. Cora Jones of Ashland; Mrs. Bessie Bacon and Mrs. Nancy Wilson of Murrayville.

**Travel Party for W. C. Graduates.**

Miss Golden Berryman of Vandalia road was hostess Tuesday afternoon, at a travel party for Miss Audrey Berryman and others of the 1915 class at Illinois Woman's college, who will soon leave Jacksonville to take teaching positions. The travel idea was carried out in countless clever ways and the travel tea was affirmed by all the most novel entertainment ever.

A burlesque on teachers' examinations started the fun. "Hidden Stations" afforded amusement for a considerable time and at another time each guest wrote letters to be read by others when on the train. To conclude the festivities, all followed a "red and white trail," to Nichols park where an appetizing luncheon was served. Miss Ernestine Dinsmore of Springfield was present to enjoy the tea.

Miss Audrey Berryman will leave soon for Scio, Ore., where she will be assistant principal of the high school. Miss Josephine Ross will teach domestic science at New Richmond, Minn., and Miss Effie Theobald will have the same subject in charge at White Hall. Miss Helen Dinsmore will teach at Franklin and Miss Lucile Reinbach will be assistant principal of the Wyandot, Ill., high school.

## MATRIMONIAL

**Bateman-Hull.**

The marriage of Ivan D. Bateman of Prentice and Miss Mamie H. Hull of Virginia, was celebrated in Springfield Tuesday by Justice Jenkins at the Court house. Both young people have many friends who will join in extending good wishes.

**Smith-McCook.**

George R. Smith and Miss Victoria McCook, both of this city, were married Monday morning at 8 o'clock at the parsonage of the First Methodist Episcopal church in Springfield, Rev. Thomas N. Ewing officiating.

**Proffitt-Corrigan.**

The marriage of Jesse J. Proffitt of Alexander and Miss Mary R. Corrigan of New Berlin took place Tuesday morning at 6:30 o'clock at the New Berlin Catholic church. Rev. Father Weigand officiating. Mr. Proffitt is the station agent at New Berlin for the Wabash railroad.

**Bridgewater-Todd.**

Roodhouse and White Hall again figured in a matrimonial event of considerable interest, when Miss Halie Todd, of this city, and Mr. Guy Bridgewater, of White Hall, were married at the M. E. parsonage there at 10:30 o'clock this morning, by the pastor, Rev. Mr. McGhee, says the Roodhouse Record of Tuesday. The couple left over the C. & A. at 11:15 for St. Louis, Highland and Greenville, and expect to be at home to their friends after Aug. 25 at Oakdale farm nine miles west of White Hall. This is the old Bridgewater farm, and the groom's parents, Mr. and Mrs. Frank Bridgewater, will move back to town as is their custom each fall, leaving the young couple in full possession.

The groom is a graduate of White hall high school, and well known over the county, having been prominently identified with high school athletics in the county association, as well as in other school matters of local interest.

His bride is a popular and vivacious young lady of Roodhouse, the daughter of Mr. and Mrs. Jos. E. Todd. She is a graduate of Roodhouse high school, and taught the 4th grade last year. She was employed again for the ensuing term, but it is presumed she will now take an agricultural course at Oakdale farm, and not resume her work in the school room here.

The wedding comes as a surprise at this time, none here but the bride's parents being let into the secret, but we are not so badly surprised as to be unable to extend hearty congratulations and best wishes to Mr. and Mrs. Bridgewater.

**Y. M. C. A. NIGHT**

AT GRACE M. E. CHURCH

The Y. M. C. A. will have charge of the services next Sunday night at Grace M. E. church. Mayor Rodgers, who is the newly elected president of the board of directors, will preside over the meetings. There will be special music and the public will be cordially invited to attend this service.

## SILOS

Free Money for Silos  
Editorial Jacksonville Journal,  
July 24, 1915.

"A Minnesota bank has just given material evidence of faith in the silo as an influence for the material up-building of farms by offering to lend a total sum of \$15,000 without interest for a certain period to farmers who will use the money in the erection of silos. There are certain conditions of course for the protection of the bank, but the further announcement is made that double the sum mentioned will be appropriated if farmers show the proper interest. The bankers feel that in lending this money without interest for a year or more that they are in a measure casting bread on the water, but feel very sure that it will make them a return later on by the contribution to the established prosperity of the county thus made."

## SILOS

Our Advertisement in Courier and Journal  
March, 1915

"Said a well known silo dealer a few days ago to our Cashier, 'Farmers who contemplate purchasing silos this year ought to get ready now. If any of your farmer customers buys a silo of men and gives me his note therefor, will you cash the note?'"

"Our Cashier replied, 'No, we will not cash the note. We will do better than that. If any of our farmers wants to buy a silo and has not the ready money to pay for it, we will lend him the money at attractive rates.'"

"Our President overheard the conversation and added, 'We will go farther than that. If ANY farmer around here who is making good wants to buy a silo and has not the ready cash to pay for it, we will lend him the money at attractive rates—we could do the same thing to help him buy cows—for we are in position to lend farmers for the legitimate expansion of their business.'"

BOARD OF EDUCATION HELD  
LONG SESSION TUESDAY NIGHT

Bids Were Opened For Coal and Supplies — Bernard Gause Secured Contract For Heating Plant at Franklin School.

The board of education met in adjourned session in the council chamber Tuesday evening at 7:30 o'clock and was in conference until nearly midnight. All members were present, President Rodgers presiding. The main business of the evening was the opening of bids for janitor and general supplies and for chemicals and chemical apparatus. The opening of these bids was deferred from the regular meeting in order to give bidders an opportunity to separate their bids and submit samples. The clerk also was instructed to advertise for bids for coal and for the installation of a heating system in Franklin school to be opened at this meeting.

The bids for supplying coal were referred to a committee appointed by the president consisting of Members Imgrund and Clampt to confer with Fernandes & Sons who were the lowest bidders on three inch lump. It is the intention of the board if arrangements can be made to try the use of number four or five washed screenings for the high school. The committee was given power to act in the signing of the contract. The contract for installing the heating system in Franklin school was let to Bernard Gause, his bid being \$1,525.

The bid of W. S. Badger for chemicals and chemical apparatus was \$79.75 and he was awarded the contract. There was a great deal of discussion and some confusion over the bids for janitor and general supplies. Some of the bidders only bid on certain things and others had not totalled their bids. The bids of Obermeyer & Son and W. S. Badger were the only ones on which everything on the list in the janitor and general supplies were included.

## The Proceedings.

After roll call President Rodgers asked the members of the board if they had any old seats not in service at school buildings which they would give to the city for use in the council chamber. It is the intention of Mayor Rodgers to take the backs off of the desks and place them around the council chamber against the wall. All of the members agreed to furnish what were needed.

Member Wells seconded by Member Imgrund moved that the bids for coal and the heating system at Franklin school be opened first. The motion carried.

The following are the bidders and the amount of their bids:

Washed 1 1/2-Inch 3-In. Mine Screen—Lump Lump Run	ings.	
Fernandes & Sons	\$2.06	1.92
Oils Hoff-		
man	\$2.29	2.09
Baptist & Co.	2.07 1/2	1.89 1/2
U. J. Hale & Co.	2.19	2.09
Walton & Co.	2.49	2.24
Harrigan Bros.	2.29	2.08
York & Co.	2.14	1.92
Beggs & Lewis	2.31	2.10

York & Co. also had another bid of \$2.21 for three inch lump and \$2.03 for mine run in case they had to wait for their money.

Member Imgrund seconded by Member Clampt moved that the president appoint a committee with power to act to confer with Fernandes & Sons about using No. 4 and 5 washed screenings. The motion carried.

The clerk then opened bids for the heating system in Franklin school. They were as follows:

Bernard Gause	\$1,525.00
Jacksonville Plumbing & Heating Co.	1,825.00
C. C. Schureman	1,558.00
E. E. Beasall	1,712.50

The Jacksonville Plumbing & Heating Co., also made a bid on a different design plant which was \$1,900.

A motion was made by Member Wells seconded by Member Imgrund that the contract be awarded to Bernard Gause for \$1,525, he being the lowest bidder and that the work be completed by Sept. 1. On roll call the motion carried by a unanimous vote.

Member Clampt referred to the taking of a school census. He said that the law required it to be taken at certain times and that it should be taken in Jacksonville this year. Member Clampt moved that the members from each ward employ some one to take the census in their wards. Member Rogers seconded the motion. On roll call the motion carried by a unanimous vote.

The bids for chemicals and chemical apparatus were then opened as follows:

Chemicals and Apparatus.	
W. S. Badger	\$79.75
Obermeyer & Son	104.45
Cent. Scientific Co. Chicago.	101.25

Member Imgrund seconded by member Rogers moved the bids be awarded to W. S. Badger, he being the lowest bidder. The motion carried unanimously.

The bids for janitors supplies were then opened. These bids were not complete for the most part, the bidders bidding on those goods which they handled. The bids follow:

C. B. Robertson Soap Co.	\$588.69
Jvill Cigar Box Co. on para-	fine oil only 20c gallon.
Walter B. Rogers	632.37
Warren Brush Co.	605.37
Obermeyer & Son	699.89
W. S. Badger	666.47

In this list Obermeyer & Son and W. S. Badger were the only bidders who bid on the complete list as submitted. Obermeyer's bid was f. o. b. Jacksonville and Badger's bid was f. o. b. factory.

General supply bids were then opened. Some of the bidders only bid what they handled in this list. Messrs. Obermeyer & Son and W. S.

DIFFICULTIES OF HAITI  
ARE VERY NUMEROUS

Belief of Many Citizens There That U. S. Must Later Take Over Government.

Washington, Aug. 10.—Among those who are acquainted with conditions in Haiti, which led up to the recent murder of political prisoners and the disruption of the recent government there, it is believed that the United States must take over the affairs of the "black republic." For not only is the island bankrupt from graft and revolution, but its commercial interests are in the hands of German and French traders, and its magnificent harbor at Mole St. Nicholas is the key to the Panama Canal trade and a menace to the defense of the Canal in event of war.

While the efforts of Admiral Caperton to bring the armed leaders into peace and order is lauded, it is pointed out that the trouble lies deeper. It is said here that the only way possible to end the deplorable grafting and the horrible murders of that benighted land is by intervention. That this intervention should include the taking over of the finances of the island and their readjustment is generally thought by those in touch with affairs in Haiti to be the main necessity.

In the hundred years and more of Haiti's independence, only one President has completed the term of office for which he was elected, the others leaving office always by being shot, stabbed, poisoned or driven out.

It is probably because the unspeakable abuses in Haiti have been committed in the name of liberty, that the United States has been loath to interfere. Discussing the sort of free and democratic government, maintained in Haiti, one of the oldest officials of the State Department remarked: "In a century of independence the sole right which these people have saved for themselves is the right to go to the devil in the way they choose. And they hold this to be their dearest right. Any other right can be taken without protest, but let it be insisted that they behave themselves and they become worse than a nest of hornets."

Apart from the humanitarian phases of the Haitian problem, there are considerations demanding action by the United States which are of deep of vital importance to this Government. Since the birth of the German imperialistic policy in 1900 the activities of the Germans in Haiti have made it more and more evident that it was essential for the United States to protect its interests in this little island of the Caribbean.

The harbor of Mole St. Nicholas is the key to the Haitian problem. There the Germans have for years been strengthening their grip, and now control practically all the trade. Many Germans have married native Haitian women in order to enable them to own property on the island. It is charged that they have financed one revolution after another, when the government in power refused to abide by their will. In this way debts have been piled on the republic at high rates of interest, which have steadily weakened the government and brought it further and further into the clutches of those who sought control.

When a government is in such deplorable condition as have been the last 20 odd governments of Haiti, the money lender naturally owns the body and soul. Whatever the government possesses that the creditor wants he can take. And the United States has begun to find it very disagreeable to its interests to have the Germans in such relationship to the harbor of Mole St. Nicholas, particularly since the Panama Canal was built.

In 1911 the United States first insisted upon obtaining a representation in the financial operations sustaining the Haitian government. This was done on the same theory that it was attempted in China, namely, that if the United States had a direct interest in loans, it could check any move on the part of the other creditors that were inimical to American interests. The United States obtained a minority interest. The European interests, German and French, prevailed.

When the 1911 measure proved unsuccessful by reason of a succession of revolutions financed largely by Haitian merchants, the United States contemplated consolidating the entire debt of the republic, refunding it through a loan from a first class American house, reducing the rate of interest so that it would be less burdensome to the Haitian people, and handling through American agents the collection and disbursement of customs, in order to end the grafting which was ruining the country.

The fact that such a scheme would have ended the grafting was enough to earn the opposition of all the Haitian politicians. Efforts were repeatedly made to carry the scheme through. Finally the European war put a temporary end to European opposition and now the French interests are willing to sell out. But the Haitians are still opposed to the plan.

## SUN ECLIPSE TODAY,

BUT FEW SEE IT.  
Boston, Aug. 10.—Although there is an eclipse of the sun today, few persons on the earth will notice it. No part of the eclipse is visible from the United States and, in fact, with the exception of small parts of China and Siberia, there is no land where the sun will be seen to be eclipsed.

The region over which it can be seen covers almost the entire Pacific ocean. The moon will pass before the sun over that area, but will not be large enough to cover the entire disc.

RUSSELL BOY CAPTURES  
LONGWORTH B. STAKE

GEERS' HORSE TAKES EVENT IN STRAIGHT HEATS.

Furniture Manufacturers' Stake for \$5,000 Brings Out a Good Field of 2:08 Trotters and is won by Peter Scott.

Grand Rapids, Mich., Aug. 10.—Favorites went through flying in today's Grand Circuit races here, there being only one up set. That was in the Longworth B. stake for 2:08 pacers. Geers drove Russell Boy a second choice to the money in straight heats. The best Single G., could get was finish third.

The Furniture Manufacturers' stake for \$5,000 brought out a good field of 2:08 trotters. Worthy Price was the betting favorite, with Peter Scott barred.

The sensation of the day was sprung by Flower Direct when she won the 2:03 pace in straight heats. She negotiated the first mile in 2:00 3-4 and the second in 2:02 1-2. Margaret Drullen, a heavily played favorite in the 2:04 trot won the event in straight heats.

What is believed to be a Grand Circuit record for an afternoon's racing was the announced average heat time for the four events of 2:04 1-2.

The summaries:

## Great Western Races.

Burlington, Ia., Aug. 10.—The Great Western Circuit races opened here today with three fast events. Sham Boy, owned by Eli Bearce of Hamline, Minn., driven by Dan Allen, established a new one half mile track record for the state of Iowa when he took the second heat of the 2:10 pace in 2:06 1-2. Sham Boy won in straight heats. Lee Dale won the 2:16 pace and Sure Mike took the 2:17 trot. All races were closely contested and at times the finishes were so close that a blanket would have covered several horses. The system race was three heats, every heat a race.

Summaries:  
2:17 trot, purse \$1,500:

AMERICAN BUSINESS MEN  
TRAIN FOR THE ARMY

Swiss System Goes Into Effect in America Today.

Plattsburg, Pa., Aug. 10.—Business and professional men of the United States have today inaugurated a new form of vacation. Instead of lolling at ease on the piazzas of summer hotels, on yachts and ocean steamers, they are going into military training. Five hundred leading men of New York, Boston, Chicago and other cities of the east have reported for a course of military training. Their camp at Plattsburg barracks marks a new era in the military history of the United States. It is the first attempt to introduce the Swiss plan of national defense into country.

The latest adjunct to military preparedness has the sanction of the government. The camp which opened here today has been authorized by Secretary of War Garrison upon the recommendation of Major General Leonard Wood. The business and professional men demanded a chance to train. Their activity is no longer limited to talk, but has taken the form of effective organization. The personnel of the new camp is recruited from older men than attend the students' camps.

The new idea is not to confine the military strength of the government to a small regular army and national guard, but to train all citizens, from boys of 12 to men of 50 to handle arms, march, signal and obey orders and to do the things a soldier should know in times of war, so that if called to the colors to protect the country against invasion they will be something besides mere "cannon-fodder."

The course which begins here today will extend until Sept. 6. The recruits will be given a short but intensive course of military training to qualify educated men to aid in filling the great deficiency in commissioned officers that would immediately arise in case a national

## emergency required the raising of a large voluntary army.

In view of the utter lack in the United States of a reserve body of officers necessary to organize and command volunteer troops, the coming forward of the business men and professional men is hailed as an important and useful public service.

The business and professional men have taken their training seriously, and are anxious to get a good taste of army life. They are housed in regulation army tents, will eat army fare and go through the hard military drills and maneuvers prescribed by the war department. They will try their skill in war by sham-battles against the regulars.

## NATIONAL TAX CONFERENCE.

San Francisco, Aug. 10.—The National Tax association opened its 29th annual conference here today. Prof. E. R. A. Seligman of Columbia University is presiding. Much importance attaches to the conference this year, in view of the widespread and increasing interest shown in the subject of taxation. One of the most important reports will be that of the committee on increase of public expenditures, which will report a concise, carefully devised plan for checking waste and introducing economies in fiscal affairs. Judge Oscar Lessor, of Baltimore, will have charge of this session.

Other matters which will be discussed include efficiency in tax collection, the taxation of car companies, the tax-limit laws, valuations of corporations by public service commissions, and the classification of taxable subjects.

## PREPARING FOR FALL WORK

Dower who was a student at the State School for the Blind in this city some forty years ago, and who has for many years been manager in the broom shop at the institution, has been enjoying his vacation at his home in Bloomington. ## FAME

George Fitch.

Fame is a sort of petrified prominence which time cannot wear away. Some men achieve notoriety only to presently the spot light of publicity turns elsewhere and they fade away. Some men become prominent, but when they stop work the public forgets them and they have to be identified in their own towns when they cash a check. But some men acquire fame and a hundred years after they are dead distant descendants will be able to pawn their signatures for groceries and booze.

After a man has become famous he doesn't have to work any more. He can board around on a grateful nation, making after dinner speeches, and when he writes his autobiography copies of it will sell at two dollars a pound, payable in installments.

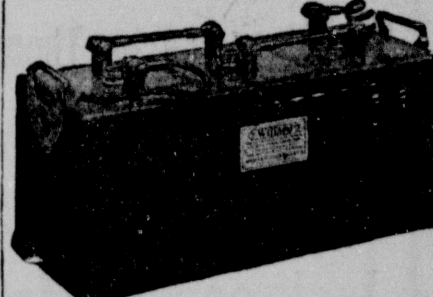

No one knows exactly how to obtain fame but its symptoms can be easily distinguished. The first in-bouquet indications are the desire of book agents and stock sellers to permit him to head the list of

suckers without expense—to himself.

Shortly after this the home newspapers begin to call him up to interview him on peace, war, politics, his opinion on tight skirts for women and other vital subjects. Then some manufacturer names a cigar after him and strong men perish with his name on their lips. This may properly be called the first stage of fame.

The second stage begins when the rubber-neck wagons stop in front of his home and the neighbors who referred to him in his boyhood as the village pest begin to get into society on the strength of their life-long acquaintance with him. This is a very painful stage and causes many victims to climb a tree in the Maine woods, leaving no address behind.

In the third stage Chautauqua managers offer huge sums to the patient, allowing him to speak or beat a drum as he chooses; automobile companies give him cars in the hope that he will drive them past a photographer; when he buys a can of tobacco the fact is announced on the back pages of all the newspapers; and when he attends the funeral of a friend the fact is telegraphed over the country with the friend's name left out.

Washington, Aug. 10.—Walter Johnson had no terrors for Detroit today, the Tigers pouncing his delivery for eleven hits and eight runs. Washington could do little with Steen with men on the bases.

DECATUR DROPS FROM THREE-EYE SEVEN CLUBS TO FINISH SEASON

DECATUR, Ill., Aug. 10.—Decatur dropped out of the Three Eye league today and seven clubs will finish the season. President Corbett notified Manager Duggan late today that he would pay the players salaries up to and including August 8 and that the club was not responsible for their salaries after that date. He also instructed the players that they were free agents. Umpire Hulbert forfeited both yesterday's and today's game to the Bloomers.

Several of the Decatur players have already secured berths with higher class leagues and will report to their clubs at an early date. Decatur was a charter member of the Three Eye league and has had professional baseball for fifteen years. Bad weather and the wrecking of the grand stand by a tornado is the cause of the failure of the club.

Mr. and Mrs. Clyde Williams and children spent Sunday with Mr. and Mrs. George Deterding west of Concord.

Mr. and Mrs. C. D. Hougham and daughter Lucile of Normal, and Mrs. Ellen Coultas and daughter Ione are spending a few days with M. V. Hutches and family.

Mr. and Mrs. Harry Hutches and daughter Bernita of Pullman, Ill., went to Litchfield Monday morning for a week's visit with Mrs. Hutches' parents, Mr. and Mrs. Perry Henderson. They spent last week here with Mr. and Mrs. M. V. Hutches and other relatives.

Roy Van Gundy is the proud owner of a new 1916, six cylinder Haynes automobile. He went to Kokomo, Ind. and came through in the car by way of Danville and Springfield, finding great deal of mud on the latter part of the trip.

Mr. and Mrs. William Dodd of Franklin spent a part of last week with relatives here and attended the funeral of Mrs. Dodd's grandfather, S. S. Smith.

R. T. Cassell of Jacksonville was an automobile visitor here Friday.

Miss May Haymaker of East St. Louis is visiting her mother, Mrs. Samuel Haymaker.

Miss Bernita Williams was a Jacksonville visitor Monday.

Austin Moody of Chapin and Walter Williams are spending a few days with Mr. and Mrs. Elmer Adams at Clinton, Iowa.

Geo. Van Gundy was a Bluffs visitor Saturday.

Herman Dufelmeier and Jasper Vortman are stacking wheat for Herman Rabe.

Mr. and Mrs. Harry Hutches and daughter of Pullman, Miss Ruth Hutches and Irvin Coultas were callers at the home of Mr. and Mrs. Clyde Funk of the Exeter neighborhood.

## "MORNING GLANCES" (By Gosh)

Poor Cubs. They seem to be the goat of the Brooklyn team. The Superbag again trimmed them yesterday on the home field by a score of 3 to 1. It made the eighth straight win for the men from the east end of the Brooklyn bridge. The game yesterday was a hard one to lose. The Cubs got nine hits to four for Brooklyn but Adams was liberal with his passes which were sandwiched with the safeties and he also fumbled a bunt that was costly.

George Cutshaw the batting hero of Monday's game did not get a safety. Cutshaw who jumped into the limelight Monday by equalling Clarence Beaumont's record of six safeties in six times at bat has been with Brooklyn for several years. He is a reliable player sure in fielding and a fairly good hitter, though he has never ranked up in the 300 class. Since his feat on Monday many people have asked who is George Cutshaw.

Such queries hardly go to show how easy it is to lose track of a ball player, unless he be of the caliber of Ty Cobb. Cutshaw in 1908-09 was a member of the Bloomington team in the Three Eye league. He was a good ball player and soon attracted attention from the big league scouts. If we are not mistaken he went from Bloomington direct to Brooklyn and has been there ever since. Cutshaw with O'Meara who also recently came up from the minors and Jake Daubert, accounted the best first basemen in the business are three as good infielders as there are in major league baseball. If Brooklyn had a third baseman equally as good as any one of the trio they would have the best infield in the National league.

The Tigers took Walter Johnson's measure yesterday and won by a score of 8 to 2. The great Walter was nipped for eleven safeties, one a homer by Burns. Washington could do nothing with Steen with men on bases.

The White Sox seem to have the Athletics number. Yesterday they trimmed Mack's men by a score of 8 to 4. Bessler and Davis were both hit hard, the Sox amassing a total of 14 hits. Scott was hit for fifteen safeties but great fielding prevented scoring. The Sox pulling off three double plays behind him.

Adams held New York to five hits yesterday and the Pirates beat the Giants by a score of 8 to 2. Marquard was hit hard by the Pirates.

The Boston Red Sox, leaders of the American league pennant race last a little ground yesterday. They lost the first game of a double header and won the second. In the first game Koob held Boston to four hits. St. Louis featured the second game with a triple play.

New York and Cleveland split even in a double header Tuesday. New York won the first game by a score

Pittsburgh lost to Baltimore in the Federal league yesterday by a score of 8 to 6. Allen and Bailey started the game for their respective teams but both were knocked out by the rubber and Barger and Johnson took their places.

Brooklyn lost to Kansas City yesterday by a score of 3 to 2. Bluejacket pitched good ball but the game was lost by poor fielding.

FOR SALE—Shetland ponies of all sizes, ages and colors. Fifty fine animals for immediate disposal. Must reduce size of herd. Good bargains, come early. G. N. Redman, Barry, Ill. 8-7-7f

FOR SALE—The stock was liberal and few early sales were made steady. Later 10 to 20c lower. Medium and plain crassers in many cases on the market showing more decline. Canners were also lower. Bulls unchanged to 10c lower. Calves steady to weak. Quite a liberal supply of plain and medium cattle, grassers and short corn feds from \$7.50 up to \$8.65. Four loads of best ranged made \$8.95. Seven loads \$8.90 and five loads \$8.50. Fat cows 5 to 8c with a few extra prime \$8.25 to \$8.40. Heavies \$7.75 to \$9.25. Bulls \$4.50 to \$7.50. Canners and cutters \$3.00 to \$4.84. Common heavy calves to good vealers \$4.60 to \$5.50. Choice to prime vealers \$10.75 to \$11.25.

The supply of hogs was lighter than expected and early sales were 10c higher. A car load of hogs averaging 200 to 230 of prime quality sold slow at the close of last week but would have met with a good demand today. Mixed packing ..... \$6.15 to \$6.35 Medium and butchers ..... 6.40 to 6.65 Poor to heavy packing ..... 5.95 to 6.70 Rough heavy packing ..... 5.65 to 6.20 Light weights ..... 6.60 to 7.45 Selected packing and shipping ..... 7.30 to 7.65 A number of extra prime hogs averaging 225 to 287 reached \$7.40 to \$7.50.

Native sheep and lambs were steady, and a good clearance was made. Range westerns were little changed. Yearlings go low bids early. Top for ranch lambs \$9.50. Bulk of the ewes sold from \$6.85. Wethers \$6.85.

Bulk of the sales of cattle were made in afternoon and too late to be quoted. There will be more good to choice cattle at \$9.65 to 9.75 than reported above. Respectfully, Oliver & Green.

Kansas City Stock Yards, Aug. 9. Trade in stockers and feeders increased a little last week, 9,000 head going out, but the increase was on stock cattle rather than feeders. Feeding cattle are slow sale, and a quarter lower than a week ago, with prospects of further losses. Receipts of cattle are 13,000 today, market steady on good stock grades, around 10c lower on common stockers and on all kinds of feeders. In fact, demand for feeders has been so slack for a week that killers have been getting all cattle carrying decent flesh. A dealer held over a load of good 1200 pound feeders from last week, with white face markings, but with shorthorn blood predominating, because he could not secure \$7.75 for them at the end of the week. Some fancy fleshy feeders sold at \$9.20 last Monday, but 5 cars from the same pasture are hanging fire today around \$8.75. Hesitation among feeder buyers is partly due to a desire to find out more definitely how the corn is going to turn out, and partly to the unfavorable feeding experiences of last winter, on account of foot and mouth disease. Bulk of the stock steers are selling at \$7.00 to \$7.75, trade active. A drove of plain Kansas stockers sold at \$6.90 today, which might have brought \$7.90 last week, but most sales are above \$7.00. Shorthorn stock calves may be had at \$7.25 to \$7.75. A shipment of choice white faces, steers and heifers mixed, weighing 350 pounds, sold today at \$8.50, to go to the country. Choice young wet cows sold around \$5.75, heifers \$6.25, well bred thin neck grass bulls \$5.75 to \$6.00.

Immune stock hogs are more plentiful, selected natives selling at \$8.50, southern \$8.00 to \$8.25. Feeding lambs bring \$7.50 to \$8.00, breeding ewes \$6.50 to \$7.50. J. A. Rickart, Market Correspondent.

## WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound."—Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

### COCOANUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified cocoanut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two spoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

# COKE USERS NOTICE

Less than a month now remains in which to contract for your winter supply of Genuine Gas House Coke at Summer Prices.

Last winter we sold nearly twice as much coke for domestic fuel as we did the winter before, and feel that this is the strongest support we can have to our contention that coke is the ideal fuel for domestic use. Ask anyone who has learned "the secret" of burning Genuine Gas House Coke and you will always find that they prefer it to any other fuel. Try it yourself and see why? Coke is clean and practically smokeless.

Place your order now to fill your bins. Phone us, write us--better still come in and talk with us.

## MRS. NANCY J. MEYERS IS 90 YEARS OF AGE

JACKSONVILLE RESIDENT IS NEARING CENTURY MARK.

In the Quietness of Her Own Home She Celebrates Occasion—Came to This City 77 Years Ago—Contrasts the "Early Days" With Present Times.

In the quietness of her own home at 828 West North street, Saturday, August 7th, Mrs. Nancy J. Meyers celebrated her 90th birthday. She was a native of New York state and came to Jacksonville in 1838, there having been a resident of this city for 77 years.

Mrs. Meyers is a remarkable woman in a great many ways. Although nearing the century mark she retains her faculties and her mind is bright, and could easily pass for a woman several years younger. She devotes considerable time to reading and has always done her own housework and looked after the affairs of the home.

Mrs. Meyers was in a happy frame of mind Monday afternoon when she answered a knock at the door and learned that some one was there who wanted to talk over "old times."

"I was born in Queensbury, Brown county, New York, August 7, 1825," said Mrs. Meyers, "and my memory goes back to when I was five years old. I remember that when we moved down to Portland Harbor, on Lake Erie, that we had a large fireplace in the home. One day I pulled a log away from the fire and some hot water from a pot scalded my feet. I also remember the garden where my father used to work."

The family left New York and traveled to Kirtland, Ohio by oxen team. It was at Kirtland, that the first Mormon Temple was built, constructed exclusively of wood. It was finished very nicely in the interior and Mrs. Meyers remembers attending church there.

The family decided to come on to Illinois and an oxen team was secured to bring them across. At that time several families would join in making the trip across the prairie, so that they might be of mutual benefit to one another. It took two months to make the trip to this city coming via Chicago. At that time Chicago had only a few hundred people, not much larger than Jacksonville, which at that time contained about 400 inhabitants.

"I have lived to see several wars," said Mrs. Meyers. "They are the Black Hawk war, Mormon war, Mexican war, Civil war, Spanish-American war and the present European war."

"No one knows the deep sorrow that the last war has brought to me, and I am praying daily that God will bring it to a close. My son, William Meyers, who now resides in Birmingham, Alabama, is 70 years of age. He fought for the Union cause during the entire Civil war and I know something of the heartaches of a mother while her boy is away fighting. No one can comprehend the sorrow that has cast its mantle over the countries engaged in these wars. In Civil war days we had to pay 75c per yard for calico and had to keep it locked up too for fear some one would steal it. I remember making some shirts and hung them on the line and they were stolen during the night."

Mrs. Meyers' maiden name was Stringham, a daughter of Philip Stringham. He lived to be 99 years, 4 months and 2 days of age. For 23 years he made his home here with his daughter. Mrs. Meyers' grand-father came from Germany. Besides the son living in Alabama mentioned above, one other son is still living, Cicero Meyers, of 1340 West Lafayette avenue. Another son, Eugene, lacked but six months of graduating from Rush Medical college, Chicago, when he died. The father, Wm. E. Meyers, has been dead thirty years.

Mrs. Meyers attended school in the basement of a building which stood where Centenary church is now located. Illinois college at that time was giving a great deal of attention to the study of medicine. A friend of the Meyers family came down from Springfield Sunday and gave Mrs. Meyers a ride over the city. Some places she visited which she had not seen for fifty years.

"The growth of Jacksonville in the past 77 years has been wonderful," said Mrs. Meyers yesterday, "and how few of the men and women are left now when I came here. In fact three generations have passed away. To what do you contribute your 'long life'?" She was asked of the aged lady. She replied, "I have always lived an active life and kept something in mind always to do. It is detrimental for a person's health to sit around and do nothing. I keep my own house, cook my own meals, and fast winter I built my own 'fres'." In speaking of the marvelous changes during the past 90 years, she wondered if as many great inventions would mark the passing of the next century. She said that it was God working through the minds of men that made possible the great civilization which now exists, but she could not reconcile herself to the fact of so great a war going on, right at a time when civilization seemed to have reached such a high pinnacle.

## MEETING AT GREENFIELD TO FIX NEW BURLINGTON WAY DIVISION

Highway Division From Greenfield to Springfield Will Be Routed Friday—Some Trail Topics.

The skeleton route of the proposed Springfield division of the Burlington way will be determined at a meeting in Greenfield Friday and a warm contest is expected between representatives of three possible courses. The creation of this Springfield division was discussed by H. C. Wilhite of Greenfield at the convention in Burlington and he extended a strong invitation to good roads men to meet in Greenfield for selection of the route.

The first course proposed would send the trail from Greenfield to Palmyra, thence to Modesto, Waverly, New Berlin and Springfield. A second route would include the towns of Scottville, Waverly, Loomis and Curran. A route is looked upon with favor by many would go through Athensville, Scottville, Franklin and Alexander, thence through New Berlin to the capital.

At the Burlington way meeting Monday a plea was made by Palmyra representatives for the route first suggested. The Palmyra party included Horace A. Coleman, R. R. Ritchie, L. H. Nifong and G. W. Stults.

At least one hundred and fifty Burlington way boosters were promised by officials of the Burlington Auto club for the convention of the association next year in Jacksonville. The Iowa men seemed well impressed with Jacksonville's spirit of lively interest and the size of the Morgan county delegation and will without doubt attempt to go the southern division men one better.

Morning Sun, Iowa was well represented at the meeting Monday, sending a delegation of thirty-one. None were present from the Cedar Rapids vicinity and it is for the purpose of awakening interest at this portion of the trail and paving the way for ultimate extension of the Burlington Way to St. Paul, that Secretary Weber was empowered to call a meeting of Iowa association members Saturday, Sept. 11, to consider a route from Cedar Rapids to the Minnesota state line. The meeting will be held in Cedar Rapids and in case of unfavorable weather will be convened one week later.

Plans are already under discussion for the convention here next year and with promised delegates from a number of cities this year unrepresented, the 1916 assembly will exceed by far, the three held heretofore. The lack of interest shown by Schuyler and McDonough counties has had much to do with the proposal to re-route the trail through Carthage and Keokuk, though condition of roads and distances will be considered in detail.

Roads for the trip to Burlington were in excellent condition for the most part, though the bottom land trail through Hancock county showed patches of mud and a small part of the Cass county trail was not in good condition. A section of road just north of Rushville closed for repairs made a detour necessary and a bridge out south of Macomb was the occasion of delay for several cars.

## FUNERALS

Harris.

The funeral of the late Dr. George F. Harris will be held from the home of his son, H. H. Harris near Sinclair this morning at 8 o'clock in charge of Rev. C. G. Cantrell. Burial will be made in Hebron cemetery.

Dr. Harris was the oldest physician in Morgan county and mention was made of his death Monday evening in yesterday's Journal. He was born Sept. 29, 1823 in Nottingham, Maryland, being a son of George S. Davis and Martha Berry Davis. He was reared on a farm near Piscataway, Md. He was graduated from Columbia University in Washington, D. C. in 1847 and after practicing his profession in that state moved to Missouri in 1868. In 1876 he moved to Ashland and in 1876 he went to Winchester and the following year to Lyndonville where he remained for 28 years. Mrs. Harris died April 30, 1912.

He leaves four sons, H. H. Harris of Sinclair, Dr. D. N. Harris of Prentice; Dr. B. W. Harris of Georgetown, Mo., and O. P. Harris of Lamont, Mo.

DR. J. R. HARKER HAS RETURNED FROM WEST.

Dr. J. R. Harker, who has been in the west for the past two months returned to Jacksonville Tuesday. He first went to New York where he attended a meeting of the board of education and on returning met his wife and daughter, Ruth, at Kansas City. After being entertained in Kansas City by Mrs. Leda Ellsberry Bird, a former graduate of the Women's college, the family went to Berkeley, Calif., where they visited with Mrs. Wallace Riddell and Ralph Harker and families who live in that immediate vicinity. While there Dr. Harker baptized two of his children, Joseph Ralph Harker and Richard Harker Riddell. The family spent some time at the exposition and on returning visited old friends in Los Angeles and San Diego, coming home via the Southern route. While away Dr. Harker assisted in raising a fund for the Southwestern university of Winfield, Kansas.

Joe Glines, of Peoria, is visiting with relatives here.

CHAMBER OF COMMERCE DIRECTORS  
HOLD MONTHLY SESSION

Details of Whole Grain Wheat Manufacturing Plant Proved Very Interesting—Other Business of Routine Character.

A meeting of the Chamber of Commerce Directors was held Tuesday night with President Reeve, presiding and F. J. Heini as secretary. Aside from routine business informal discussion occupied the entire session. After some consideration the directors decided to sanction the Winter's farmers' directory and gave Mr. Winter a letter stating that the Chamber of Commerce approved his plan. He is getting out a directory of rural route residents and their names will be listed in much the same form that obtains in a city directory.

C. H. Woodward of Ocean Springs was present and told something about "Whole Grain Wheat," a food which is manufactured by the Nutritive Food company of which he is one of the principal stockholders. Mr. Woodward has been here for several weeks caring for a brother who is ill in a local hospital and was introduced to the directors by Daniel McGinnis. Mr. Woodward's "Whole Grain Wheat" is simply wheat which has been cooked by a special steam process and put in cans. A can which contains enough for three people sells for five cents. The wheat is exceedingly nutritious and is intended to be served as a cereal or as a vegetable. In talking about its merits Mr. Woodward who made a very favorable impression on the directors quoted statements by Dr. Wood Hutchison and Dr. Wiley in support of his own.

Mr. Woodward indicated that it might be possible to bring the plant here if local men were willing to back the enterprise and assist in its development. Every man present last night considered the proposition one offering large possibilities if properly handled and on motion the promotion committee was requested to confer with Mr. Woodward in the hope that some plan may be reached whereby it will prove practicable to have the business established here.

## RETURNS FROM TRIP THROUGH CALIFORNIA.

Miss Deane Obermeyer, who has been spending the past three months in California, returned to Jacksonville, Tuesday morning. She was accompanied home by her sister, Mrs. J. E. Maxwell, with whom she has spent part of her time in Los Angeles, Calif. Miss Deane visited all the principal cities along the coast and she and her sister took in the Panama-Pacific exposition at San Francisco. She attended the big Beauty Ball given in the Shrine Auditorium of Los Angeles. She also saw a bull fight in Mexico and got a glimpse of the betting pits. Coming home she and her sister were delayed in the Royal Gorge on account of a freight train running off of a bridge. While Miss Deane had a delightful time and had the pleasure of playing at a fashionable entertainment while in Los Angeles, she was glad to return to Jacksonville and see her home city once more. Mrs. Maxwell and son Evans Belmont will remain several weeks until her husband comes and together they will return to Los Angeles.

## DR. TAYLOR COMING AGAIN.

Dr. W. E. Taylor has spoken twice from our chautauqua platform and the demand for a return address was so strong that the doctor has promised to come again. Raised on a farm, trained as a physician he never let loose of his love for the farm. He has filled positions of great responsibility in Illinois and is now in charge of a number of large farms in Illinois and elsewhere. A trained student and investigator he has done original work on real every-day farms and has the happy faculty of presenting farm facts in a delightfully forceful manner. Dr. Taylor will lecture on "How to Make Farming Profitable," with special reference to dairying, silos and alfalfa. This address will be Saturday afternoon, Aug. 28.

## NEW JAP LINE FROM NEW YORK.

New York, Aug. 10.—The Nippon Yusen Kaisha, the Japanese line which has for years operated steamships between Seattle and the Orient, will start this week to inaugurate a new line between New York and Japan. William Solich has returned to Olney after a visit with his brother.

TWO BURGLARIES WERE  
COMMITTED MONDAY NIGHT

Money and Dresses Taken From the Waddell Store—Dunn's Store Entered.

Two burglaries were committed Monday night. The store of F. J. Waddell & Co., and the second-hand store of John Dunn on South Main street were the places entered. At the Waddell store the burglars got about \$10 in change from the cash drawer and a new white wool suit, a coat and other wearing apparel. Mr. Waddell thinks the value of the goods taken will amount to about \$80. At Dunn's second-hand store two silver watches and a ring were taken. Mr. Dunn thinks other articles may have been taken but he has not missed anything else as yet.

The burglary at the Waddell store was discovered by the porter when he opened the store about 8:30 o'clock Tuesday morning. The police were notified but have been unable to get any clue of the burglar or burglars. Tuesday Charles Miller who was cutting weeds on Sharp street discovered a box which contained one of the coats taken from Waddell's. It was a last year's pattern and is valued at about \$5. He notified the police who went to the scene.

Mr. Waddell is of the opinion that the burglar secreted himself in the store some time Monday afternoon, probably in the stock room and was locked in when the store was closed. There is nothing to show that the store was broken into. The thief evidently made his exit through the basement door. A boy was noticed hanging around the store Monday afternoon and it is believed that he is the thief. However, no one was able to give a very good description of him.

At Dunn's store entrance was gained through a window in the rear. This is the third burglary of Dunn's store, the one who did the first job now being in the penitentiary serving a sentence for the crime.

Both burglaries are evidently home talent work. The police have hopes that they will be able to locate the culprit before many days.

MISS TRESSILIAN G. KING  
WEDS VERNON R. QUINTAL

Ceremony Took Place Monday Evening at Lewistown, Ill.—Groom Recent Graduate from Jacksonville High School.

A wedding which will come as a surprise to their many friends was that of Miss Tressilian G. King of Astoria and Mr. Vernon R. Quintal of Naples, which took place Monday evening at 6 o'clock at Lewistown, Ill. Rev. James W. Fruen officiating.

The attendants were Miss Ruth Weber of Jacksonville and Mr. Dean Moore of Astoria.

The bride was graduated from the Astoria high school in 1914 and from the Brown's Business college of Jacksonville this year.

The groom is a graduate of the Jacksonville high school with the class of 1914. He is an actor playing with the Aubrey Players in "Let George Do It" on Cotton Blossom Floating Theatre, now in the southern part of Tennessee on the Tennessee river.

The bride expects to join her husband in the near future in Pittsburg, Pa.

## REAL ESTATE SALE.

Forty acres, 5.1-2 miles west of town, known as Ticknor Fruit Farm, to be sold court house, Sat., Aug. 14.

## ANNUAL FISH FRY AND BURGO PICNIC.

The annual fish fry and burgo picnic of the Baptist Busy Bees will be held in the park at Murrayville tomorrow.

One of the leading events of the program will be the game between the Murrayville Ramblers and the Jacksonville Eagles.

This is the second game between the noted teams. The Ramblers, notwithstanding the Eagles soar high in the baseball world, have winged them in the initial game.

Fanning and Doyle will be the battery for the Ramblers, and with the usual line-up, the Ramblers management and the local fans expect to see the Eagles brought to earth in this second encounter. The Eagles expect to show the Ramblers how the game is really played.

## REV. C. M. EAMES

Rev. C. M. Eames, who has returned from China, will speak in the State street Presbyterian church at the Wednesday prayer meeting, on his mission work. The public is cordially invited to hear him.

## FUNERAL NOTICE.

The funeral of Henry C. Robinson will be held from Mt. Zion church this afternoon at two-thirty. Interment will be made in Mt. Zion cemetery.

REGISTRATION OF BABIES  
BEGINS AUSPICIOUSLY

A Number of Children Were Brought to Headquarters By Their Mothers Yesterday—Practical Talks by Nurses Will Be Feature.

Headquarters of the child welfare conference committee were opened yesterday at 44 North Side the square after rugs, chairs and tables had been put in place and the room made generally attractive. Quite a number of babies were registered and the honor of being first on the roll belongs to Master Clarence Webster Seymour. Special honors were paid also to William Judd and James Harold Young, twins, whose parents live at Litterberry.

This afternoon a number of under developed babies will be "scored" and Friday still others will be received. As previously stated it is the plan to have these children examined at the headquarters by physicians who will be called in rather than at the chautauqua grounds where the records made will be less comprehensive. Friday afternoon a talk to mothers will be given by a nurse and suggestions brought to attention by the examination of the children will be made. It is the intention to have other addresses made and the arrangements will be such that the work of scoring the children will go at the same time that the talks are being made. Each child after being examined will be taken to the mothers who came yesterday seemed to have the opinion that a registration fee would be required and the committee wants it understood that there are no charges of any kind. Today or tomorrow the location of the headquarters will be the more noticeable because of a baby show in one of the windows. Dolls are to be used for this display which promises to be quite attractive. Several physicians resident in the county are among those who have expressed a willingness to examine under developed children and any mother who cannot conveniently bring her child to the headquarters can have her child examined by one of these physicians who will transmit the record to the committee.
